

Alpha Delta Pi

BE THE FIRST

STOP THE HAZING SUPPLEMENTAL TABLING GUIDE

It is important that you first follow all campus, local and state/provincial guidelines regarding COVID protocols and in-person events. This supplemental guide is to help with talking points as you create a local plan to impact your community.

About Stop the Hazing

- In 2017, Alpha Delta Pi sister Rae Ann Gruver and her husband Steve lost their son to a hazing incident at Louisiana State University.
- Since Max's death, Steve and Rae Ann have traveled across the country sharing Max's story, and in fall of 2018, Alpha Delta Pi partnered with the Max Gruver Foundation to help spread awareness of the dangers of hazing.
- Alpha Delta Pi and the Max Gruver Foundation with support from the Alpha Delta Pi Foundation will once again partner for our annual Stop the Hazing campaign.

The Importance of Spreading Awareness

The first step in tabling is being clear about why you have a table and what you are hoping to share with your campus community. All members should be aware of your why and those who will be at your table should be able to speak to this to people who stop at your table for information and education. Add specific information below of why Stop the Hazing campaign is important to your chapter.

- Why anti hazing is important to you:
- Ways to build chapter bonding without hazing:
- Campus Reporting Methods
- Additional information important to share:

Local Anti-Hazing Information

Customize the below information to include your local policies and laws around hazing.

- Campus Anti-hazing policy:
- State Laws:
- Campus Reporting Methods:
- Additional information important to share:
